## Winthrop Graduate Plays For South Bend Blue Sox In Women's Professional Baseball

By JODIE HABERLAND

Women's baseball, just as professional as the New York Yankees or the Philadelphia Phillies, is being played by the All American Girls Baseball league in the Midwest. Light, Midwestern cities have, and are supporting women's baseball teams.

An outstanding performer for the South Bend Blue Sox is Elizabeth Mahon, who was recruited from a South Carolina team a few years ago.

Elizabeth Mahon was born and raised in Greenville, S. C. She took her B. S. degree at Winthrop and then began teaching English in Greenville. Afternoons she played softball. Elizabeth joined the All American League in 1944 after being recommended by the president of the Greenville "Spinners" to a scout in the League at a baseball meeting in New York.

After a most successful year she was transferred to the South Bend

## College Play Day Will Celebrate Birthday Tomorrow; Plan To Enter Into Activities

By DOOKIE DAVIS

Organized in 1945 for the purpose of providing fun and recreation for Winthrop students and those from other colleges, college play day will be six years old tomorrow. Growing from a small affair in 1945 in which only five schools participated in five sports, play day has become today one of THE events of the year, not only because of the competition, but also because of the amount of just plain fun which it affords the participants and spectators alike.

In 1946 seven schools were represented. One of the highlights of this year was the swimming meet, which had a special added feature. To make the last event more interesting, each swimmer was required to wear a long tight swim cap, swim the length of the pool, take the gown off, and give it to the next contestant. In the excitement and novelty of the situation, one Converse girl jumped into the pool before her fellow contestants were even ready. Evidently, anything can happen during play day.

**They Almost Made A Record**  
The largest number of schools in the history of play day were represented in 1947, when 13 colleges took part in six activities. In 1948 eight schools participated in six events. Swimming must have been pretty good this year, too. The University of South Carolina came within one second of equalling the Southern record for the 40 yard breast stroke, and Winthrop broke out four seconds in reaching the Southern record for the 30 yard free style relay.

The sports for play day include basketball, hockey, tennis, golf, swimming, badminton, volleyball, and archery. If the sun is shining there is always a rainy-day committee set up just in case old Sol tries to tie, to prepare an indoor substitute. So far it hasn't been necessary to use this schedule, but if it should happen to rain tomorrow the contestants will participate in bowling, table tennis,

shuffleboard, badminton, card games, and always the old faithful, swimming.

**It's A Job**  
The Athletic association usually starts work on play day over a month in advance. Appointing committees and chairmen, inviting other schools, sending out entry blanks, working out schedules, and making accommodations for the visitors are but a few of the many tasks entailed in the preparation for this event. Someone even has to make up first aid kits to be placed in each participation area.

According to some of the past participants, one of the highlights of play day is meeting old friends from the year before, and also many new ones. Cries of "How are you?" can be heard from all parts of the Campus during the course of the day.

To enjoy the cream of the crop in the state women's college athletics, plan to spend at least a part of tomorrow around the gym. You won't be sorry!

## Sophomore Week To Begin November 14

### McCarty To Speak Here Tuesday

Dr. Edward McCarty, researcher and author, will speak to the Winthrop student body at its regular assembly period on November 14.

Dr. McCarty has done research in the fields of mammalian embryology and the physiology of hearing, primarily. Side lines of his research have been the discovery of the skeletons of fossil jaguars in caves in Tennessee and a new species of blind cave salamander. Among the various positions held by the speaker are that of Chief of the Biology Division of the Office of Research and Medicine of the Atomic Energy Commission, president of the Tennessee Academy of Science, and professor and head of the biology department at the University of the South at Sewanee, Tennessee.

Dr. McCarty, a member of various societies, has studied extensively, having received his doctorate degree from the University of Pennsylvania.

Portrait painting, violin playing, cave exploring, and mountain climbing are several of the speaker's hobbies.

## Plans Made By W. A. A.

Plans have been made by the Athletic association for forming a club for those interested in obtaining their officials' ratings in various sports. Sponsors for the club will include the entire staff of the physical education department, who are now working on the project. It is hoped that the club will be organized by next semester.

## "Satidy Sessions" For Baptist Students

Something new in fellowship has been begun by the Baptist Student union. Girls may gather at the Student center on Saturday afternoon to listen to the football games. A committee has been named to arrange for refreshments for the group. B. S. U. President Beth Carville announced that the "Satidy Sessions" will continue until the end of football season. Several radio have been set up at the center so that girls may have their choice of games.

Although the official closing date for Sophomore week is Saturday, the sophomore class ends the week at Senior Order coffee at which the sophomores will be co-hostesses with Senior Order.

## Class Lists Various Plans

Sophomore Week, traditional high-light of each Winthrop student's sophomore year, will begin on November 14 and continue through November 18. This is the fourth time in the history of Winthrop college that the sophomore class has had a designated week during which it sponsors several special activities. A theme has been chosen for this week and will be announced at a later date.

The sophomores' big week opens officially at assembly Tuesday morning at which the sophomore class will march into the College auditorium singing the class song. The devotionals will be presented by Mary Bobb Cannon, sophomore commissioner to the W. C. A.

Next on the agenda is the sophomore dinner Tuesday night. In charge of the committees for this event are: overall chairman, Sarah Bostering; entertainment, Pat White and Mary Lou Hiett; decorations, Mary Jane Howard and Betsy Ross. A few members of the faculty and administration will be special guests.

"Beauty" is the theme for sophomore fellowship Wednesday night at 8:40 in Johnson hall. The program will consist of poetry readings and a skit. Mary Bobb Cannon, sophomore commissioner on the WCA cabinet, is in charge of the program. Clara Nixon and Veri Gertys are chairmen of the fellowship committee for the fellowship hour immediately following the program.

At a sophomore-senior party in the gym on Thursday night from 7 o'clock to 8:30, the sophomores will take their sister class, Rose Smith, in charge of this occasion, will have the following as her committee chairmen: Grace Pow, entertainment; Betty Mae Allen and Nancy Mackall, refreshment; and Rose Young and Kitty Free, decoration.

Saturday night brings the climax of the week, the sophomore hop. Blue for the dance will be played by Buddy Fields and his orchestra. The sophomore dance committee members, Lucy Anne Prosser and Barbara Nichols, are co-workers with Dr. Kortjohn as chairman of the dance committees. Chairmen serving under these general chairmen are: entertainment, Shirley Green; decoration, Adelaide Smith and Melissa Bourne; refreshment, Margaret Wolfe and Mary Whitely; door, Mary Lucas and Estelle Hancel; ticket, Betty Godfrey; and publicity, Betsy Norwood.

Although the official closing date for Sophomore week is Saturday, the sophomore class ends the week at Senior Order coffee at which the sophomores will be co-hostesses with Senior Order.

## Busy At Work?

Above is Miss Julia Post's social recreation leadership class busy making party favors.

## Differences

Hold your horses! This reprint from the Newberry college paper is not because I'm lazy—exactly, but it is too good not to pass on to you. And I quote:

**Scene:** A college campus

**Time:** The present

**Bill:** Hi, Jane, what's new?

**Jane:** Notin' Bill. 'cept the dance Friday night. Goin'?

**Bill:** Ain't decided yet. Whose comin'?

**Jane:** Well, I think just about everybody we know.

**Bill:** What say we get a coke and talk it over, huh?

**Jane:** Suite me, I don't have a class for another fifteen minutes.

**Bill:** Good, by the way, whatcha' doin' Saturday night, there's a good movie on at the Wells.

**Jane:** Suite me, say did you hear about Harry and Margie? They broke up last week, and Harry's started datin' Joan.

**Bill:** No, but I hear that after the game last week they got pretty sore at each other the way he kept lookin' at that cute freshman cheerleader...

**Jane:** Now that is typical of American colleges. What about those behind the Iron Curtain?

**Scene:** A college campus

**Time:** The present

**Place:** Some place behind the Iron Curtain.

**William:** Hail, Comrade. Hail in the name of the people.

**Jane:** Hail to you, oh guardian of the workers. You are well?

**William:** I still have that pain in the chest, but the line is so long before the doctor assigned to me I became tired of waiting.

**Jane:** There is to be a rally Saturday night in the stadium, have you heard?

**William:** Yes, it was broadcast over the loud speakers in commerce class

yesterday. What is this one for?

**Jane:** It is on "Why we are greater than the Capitalist West."

**William:** Not that again, my comrade, my comrade, we had three last week!

**Jane:** You are not complaining, my comrade; our illustrious leader would frown on such as this.

**William:** Please, my comrade, do not report me; this cough in my chest is very bad, and the mines are so very damp.

**Jane:** One must watch such outbursts. Have you said this sort of thing before?

**William:** I am not sure. Some times I become so exasperated I do not know what I say.

**Jane:** I can not take any chances; I am afraid I must stop talking to you; strange things happen to those who are seen with an enemy of the state.

**William:** But Jane, you know how I feel about you.

**Jane:** Silence, you forget yourself.

**Scene:** Farewell.

**William:** Farewell.

**Jane:** Not very pleasant is it?

**William:** It is only when we grow lazy that we lose that which is ours by the grace of Almighty God. We are still too preoccupied with personal comfort to worry about the affairs of state. A friend of mine said this summer that if we Americans were to stand in our own front yards and watch the burning of our own homes, we would then realize how unessential a great deal of this luxury is. Europe has learned this lesson, but before it could be put into practice, another threat appeared that would and may destroy any opportunity to use her wisdom.

**What about us here?**

**End quote—need I say more...**

## Back Our Advertisers

Thanks should go to our advertisers. It is partially because of them that this student publication is made possible every week and is one means whereby every student is informed of happenings in the Campus and other activities elsewhere.

Besides helping to make The Johnsonian possible it is also a compact shopping guide to some of the best stores in Rock Hill and what they have to offer in the line of merchandise that would be of interest to the students.

Often times many students are too busy to get up town to shop around or just to look more than once or twice a month. By means of the ads printed in The Johnsonian, a girl may possibly find out by simply reading an ad what particular store has an article that she wishes to buy. This can save her a lot of time and trouble whereby she does not have to look all over town to find it, but merely can refer to an advertisement.

Another way that these ads help is by informing us when some special sale is going on that we may be interested in. This will not only be for the store's benefit; by getting more business, but will also help us in our shopping. By the time you are an upperclassman you are rather familiar with the shopping district in Rock Hill, but many of the freshmen and some upperclassmen too do not know where to shop to get the most for their money.

With Christmas shopping soon to be begun, it would certainly pay every student to read the advertisements closely in order not to miss something that she would like to purchase for a particular person or to get in on some special sale that a store is putting on.

Resides advertisements about mer-

chandise there are others to be watched concerning entertainment that will be coming to this town. Also places to just sit back and enjoy yourself when you have a few moments free will also be found in the advertisements.

Be sure to read the ads and patronize our advertisers. You'll be helping yourselves too.

## This Week

From the President of the Student Government Association

From our last week's report on Senate bills passed, it is very evident that those girls who are in the Senate this year are vitally concerned about the rules we feel need to be added or changed. Of course the entire procedure necessary in changing a rule is not within our jurisdiction, but it is within our power to pass through the Senate a bill to be discussed and acted upon by the Faculty-Student Committee and President Sims.

Besides our regular members—those elected from each class and the automatic ones—other students are asked to come to Senate meetings on the first Thursday of each month and to sit in the balcony. In this way we may become well aware of the topics which are presented on the floor and of the channels through which legislation must pass in order to become a new or revised rule.

It is the duty of each senator to find out what topics other girls want to have discussed at meeting and to find out what other girls' opinions are on these topics. Be sure to let your senator know your views and opinions so that she can truly represent you at each meeting. Remember that she cannot properly do her duty unless you back her up wholeheartedly. I'm sure I can count on each of you.

## What We Live By

The Johnsonian wants to deserve a reputation for accuracy, thoroughness, and fairness in covering the Winthrop college campus. You will do us a favor if you call our attention to any failures in measuring up to any of these fundamentals of good newspapering.

## Casually

By NANCY CHAPMAN

In beginning this week, I'd like to inform our readers that Miss Maryha Vaughn and Miss Carolyn Hayden went to Clemson and that Miss Lib Ruppe visited in Edgewood with Mildred McKie. My duty is done.

More things are happening this weekend, thank heaven, and thus supplying a few little bits of information for this column.

## ARRIVING

today and tomorrow are the 1949-50 members of Senior Order. All of the old members are expected to return except Marion Adams who is studying at the University of Alabama, and Lou Grace Moyle who is living in Sherman, Texas, where her husband is stationed with the air corps. TJ's old editors, Betty Harrell and Nancy Kendall, will be here and "Toiling Teds," the faithful or unfaithful typewriter, is awaiting them.

## SOPHOMORE WEEK

will be observed next week and will include many activities among them being the senior-sophomore party, and the sophomore hop on Saturday night which will climax the week. Incidentally, I have heard rumors that the sophomores are staying up nights taxing their brains to capacity in thinking up things to do to the freshmen come Saturday which is not far away.

## TOWN GIRLS

descend into the dormitories for their annual weekend tomorrow night. This seems to be everybody's weekend. Anyway, its real nice to have these gals every year and here's hoping that they have a big time.

## SOCIAL WHIRL

By SARAH WRIGHT, Society Editor  
INEZ PARK, Assistant Society Editor

Even though we were right in the middle of mid term exam last week-end, the Winnies were on the go again. The standard motto must be "All work and no play provides us a dull day." There are tired and lumpy expressions seen on the faces of the students—the tired ones on those who went to Clemson and the happy ones on those anticipating the holidays.

### Homecoming at Clemson

Winthrop was well represented at Tiger town for the homecoming festivities which consisted of the Gene Krupa dances, the football game and various other events. Attending these were Emily Ann Mercer, Mary Cox, Frances Mann, Jane Sowell, Ellen Keller, Barbara Lee, Jo Douglas, Jeanne Anderson, Nancy Royser, Inez Park, Cole Nelson, Barbara Wilson, Mary Lou Hiett, Betty Palmer, Jenny James, Mary Sue Talbert, Trudy Tabor, Betty Singletary, Ernestine Wyndham, Catherine McGregor, Marjorie Maurel, Allison Christnut, Betty Cobbitt, Betty Kate Jones, Anne Davis, Joanne LeGoffe and Donnell Coleman.

### Celebrities

Two of the Winnies sponsored for players on the Tiger team: Lattie Harper for Jackie Calvert and Francis Greene for Windy Wyndham. Anne Sloan sponsored for Reid Horton, treasurer of the CDA.

### On Campus Again

Among the many who took week-ends were Anna Bryan, Patsy DeLoach, and Eliza Pugh who headed for Saluda. Lucille Bess went to North, Carolyn Young and Myrtle Dubose to Clinton, Freeda Ann Stevens to Union, Rette Johnson to Cheraw, Mary Nell Halfacre to Newberry, and Kate Jeter to Union. Others who went away were Jean Evans, Edna Earle, Joyce Price, Sue Sutton, Jeanne Lee, Millie Lundy, Barbara Jean Gregory, Elaine Franzen, and Sybil McElroy.

### Another Diamond

One of those who recently received a diamond was Angela Heir of Ehrhardt. It was given by James Breland of Williams.

### Wedding Bells

Arch Anna McLellan, member of the Junior class, was married to Charles Ashley on Saturday, November 4.

### To Carolina

Beulah Summerlin spent Sunday at Carolina.

### Home

Marion Wolfe spent the week end with her parents in Greenville.

## Sports and Fun on the Campus

### Recreation Roundup

"DOOKIE" DAVIS

Having finished my cup of coffee at THE JOHNSONIAN office, I decided to sit down, and let you in on the news from the gym. Play Day! This seems to be the main topic of conversation around the gym. This event will take place tomorrow and I want all of you to show up to cheer Winthrop to victory. I also want to wish all the Winthrop participants the best of luck.

### Learned the Hard Way . . .

The girls in Miss Post's social recreation leadership class learned a lesson the hard way. Some of the party favors they made fell apart before they could be taken to Johnson hall. This factor required the making over of a few of the favors. Need lots of glue and stuff to keep 'em together.

Happy to say that with the aid of the class, Caroline Williams finished the favors for play day.

### Great Little Sales Talker . . .

Miss Frances St. Clair was seen running around the gym last week getting all the people in the P. E. department to pledge money for the United Fund drive in Rock Hill.

### Jingle Bells! . . .

Yes, I heard "Jingle Bells" being played over at the gym. It seems that the modern dance groups have already started practicing for the Christmas program. Mrs. Salo said that the beginners class in modern dance is being used this year. This group hasn't been used in the program for a long time. They are doing a fantasy on children's Christmas complete with Santa Claus and fairies.

### Still A Few Chuckles Left From The S. G. N. Circus . . .

The girls who were peeling onions for the hot dogs used plastic guards over their eyes to keep from crying. Didn't work too well, but they did look funny with shields over their eyes.

### One Word Can Change The Meaning . . .

The elementary schools in Rock Hill are planning recreation programs. Eva Ball called Miss Post to see if she could help her with some concepts of recreation. Miss Ball said the only one she could think of was "dribble." After laughing for awhile, Miss Post realized she meant terminology for recreation.

### Learning Something New Every Day . . .

Wilma is learning many things in the gym, including how to spell some long and odd words—especially "La Cucaracha." Boy, that's a word I had to look up to find the correct spelling, too.

Don't Forget—Play Day is Tomorrow!!

## Personality Clinics To Be Sponsored

The first in the Personality Series, sponsored by the Social Standards council will be held Friday, November 11, at 5:15 in Johnson hall. All students are invited to be present for the program and social hour which will precede the program.

Mrs. Eliza Mills Propst of the Gray Shop at Mellon's in Charlotte will be the guest speaker at this first meeting. Mrs. Propst majored in art at Brenau in Gainesville, Georgia, and is experienced in the field of styles and fashions. She will speak to the group immediately following the tea, and her subject will be "True Style in Navy Blue." Winthrop models will be used to assist Mrs. Propst in her talk.

The Personality Clinics are the projects of the Social Standards council and are a part of the general social program of the college. They are under the direction of Miss Sarah Cloud, director of social activities.

Betty Mae Allen is the program chairman for the first meeting and Celia Bryson is publicity chairman. Elizabeth Ruppe and Virginia Dantzier are in charge of the arrangements for the tea. Other members of the Social Standards council are Jane Bell, Mary Ann McCall, Jodie McAlpine, Joan Bryant, Jenny James, Lattie Harper, Betty Ann Moore, Fattie Calvert, Mary Payne, and Emily McCallum.

These meetings will continue throughout the year with activities and subjects varying. The dates will be announced later.

## Girls' Staters Feted at Shack

The girls who have attended Girls' State were entertained at picnic at the Shack given by President and Mrs. Henry Sims on Tuesday afternoon at 5 o'clock. Mary Whitaker, who was the governor of the first Girls' State in 1947 was in charge of the program. Miss Post and Mrs. Salo are the sponsors for the organization.

## Post, Salo Attend Meeting In Columbia

Miss Julia Post and Mrs. Alice Salo are attending a meeting in Columbia this afternoon. This meeting called by the State White House Conference committee is in connection with the South Carolina Conference of Social Workers. Miss Post and Mrs. Salo are consultants in a planning group on recreation.

## How Much Do I Need?

Students, like the two above, are often seen checking money out of the student bank.

## Student Bank Says "Pennies Make Dimes; Dimes Make More"

She is broke! That little silver-colored penny hidden deep down in the corner crannies of her billfold wasn't the dime that she thought it was. If she had deposited in the student's bank that last check that she received, she would not have that desolate feeling she is experiencing now.

She thought that she had enough money to last her until she got her allowance again, and she can't understand where her money has gone. Of course, those daily and nightly cookies with candy bars, those after class trips to the canteen, and those boxes of stationery plus stamps seems to have amounted to the sum total of her allowance minus one little penny.

### Deposit Any Amount

In the student's bank, she could have deposited any amount that she wanted to deposit, and then, since no individual statements are sent out, she could have gone by the bank from 12 until 1 except on Tuesday's and Saturday or from 3:30 until 4:30 on Monday through Friday to find out, in confidence, how much she had in the bank for the days like this when her billfold is empty.

### 705 Accounts

For approximately twenty-five years, the student bank has been open for the benefit of the students at Winthrop and the various Winthrop organizations. At the present time, seven hundred students have accounts in the student bank, and an average amount of money deposited each day that the bank is open comes to the sum total of \$328.03.

## Flynn, Carson Star In Movie Saturday Night

The movie to be shown tomorrow night in the College auditorium is "That Forsyte Woman," MGM technicolor drama starring Errol Flynn and Greer Garson.

This dramatic story is based on Book One of John Galsworthy's "Forsyte Saga." Sonnet Forsyte (Errol Flynn), arrogant and successful member of the smug Forsyte clan, who prides himself on getting the best bargain on anything he wants, finds that he wants Irene Heron (Greer Garson), a young piano teacher who is as poor as she is beautiful. They are married, but two years later their marriage proves to be a complete failure. But she won the favor of a number of the Forsyte clan, among whom was the artist young Jolyon (Walter Pidgeon). Irene met him and fell in love with him in a London art gallery.

Jolyon's daughter is in love with Philip Bosney (Robert Young) and persuades Irene to help her overcome the family prejudice against him. In the course of their frequent meetings, Irene and Philip think they have fallen in love with each other. June sees Irene at Philip's flat, and she tells Soames that his wife is having an affair. Soames and Irene get a divorce and at this time Philip is killed in an automobile accident. These tragic circumstances draw Irene and Jolyon together again.

## Campus Interviews on Cigarette Tests

### Number 6...THE TURTLE

They had our slow-moving brother moving at too fast

a pace with those quick-trick cigarette tests! A fast puff . . . a swift sniff . . .

a quick inhale . . . a rapid exhale. Terrapin's head was spinning—

didn't know if he was coming or going! But he slowed down to his own

speed—decided there was no need to rush. After all, he figured,

how could anyone possibly prove cigarette mildness so fast?

And he was right, too! That's why we suggest:

The sensible test . . . the 30-Day Camel Mildness Test, which

simply asks you to try Camels as your steady smoke—

on a pack after pack, day after day basis. No snap

judgments needed. After you've enjoyed Camels—and only

Camels—for 30 days in your "T-Zone" (T for Throat,

T for Taste) we believe you'll know why . . .

**More People Smoke Camels**

## Athletic Council Works As Steering Committee For The Winthrop Athletic Association

By DOOKIE DAVIS

Many of us seem rather to take granted our three major centers of organizations and what makes them tick so well. In the case of the Athletic Association, those who are that the wheels keep turning are known as the athletic council.

This council can be described as sort of a steering committee for the whole Athletic Association. But who makes up this council? Those lucky 19 individuals are the president, vice-president, secretary, treasurer, and recorder of the Athletic Association, the chairman of each of the sports clubs, one representative from each dormitory, a recreational coordinator, who works with all Campus organizations in connection with recreation; and a Town Girls' representative.

### How We Get Them

The officers of this group are elected by the student body, and the other members are elected by the old council each spring before the new one is elected. The new council is installed in the regular Campus installation service in the College auditorium each spring by the president of the Athletic Association immediately after her installation by the retiring president. The council engages in many activities each year besides the routine functions. One of these activities is high school play day, in which righting high schools are invited to send representatives to compete in athletics. Participants are usually divided into color teams so they will get to meet more people. Instructions in the proper method of engaging in each activity are given to the players before each contest. College play day is also sponsored, worked on, and presented by the athletic council.

### They Even Act!

The council presents a fresh-

man demonstration one night shortly after the opening of school to introduce the freshmen to what Winthrop has to offer in the way of athletics. A skit is presented showing the different sports clubs and their requirements, if any. After this, the freshmen have a chance to take part in various sports.

A faculty party, at which all members of the faculty are invited to come and exhibit their prowess and sportsmanship, is also sponsored by the athletic council. Our dignified instructors may be seen at this time taking part in such activities as shuffleboard, badminton, or volleyball.

Open house for the different dormitories is another of the headaches of the council. During these, all residents of the dormitories are invited over to participate in any sport which they desire.

Members of the deputation are Margie Simons, Mary Ann Bigler, Mary Ruth Dedmon, Frances Gandy, Catherine McGregor, Barbara Standouts. These are four sen-

iors elected annually on the basis of ability, personality, appearance, and sportsmanship.

It sounds from all this that the athletic council does all work and no play, but the old and new council do break down every spring and have a picnic. From all this it sounds to me like they need one.

## WCA Deputation To Appear At Clemson

Members of the deputation are Margie Simons, Mary Ann Bigler, Mary Ruth Dedmon, Frances Gandy, Catherine McGregor, Barbara Standouts. These are four sen-
